## WHY OPT FOR BRUSTOR? QUALITY THAT SUITS YOUR STYLE.

As a shading specialist, Brustor strives for designs that are **both timeless and innovative** and suited to any style: from a country house to a sleek and modern villa.

We use the **highest quality materials** to ensure lost-lasting enjoyment of your Outdoor Living patio roof. All Outdoor Living patio covers are finished down to the finest details.

Furthermore, the many possibilities and options allow for extensive personalisation, ensuring your Outdoor Living pergola is **made precisely to your measure.**

Gain inspiration and explore our latest models.

CREATE THE ULTIMATE PLACE TO RELAX

With a **Brustor innovative patio roof**, you can enjoy the outdoors from early spring until deep into autumn, from dawn till past dusk. Expand your living space into your garden or terrace, and spend time outdoors with the luxury of indoors. Enjoy quality moments that feel like a holiday at home every day.

**B250 XL**

### LOUVERED PATIO COVER

Thanks to a louvered roof pergola, you can adjust the natural light and temperature on your terrace and in your home to your wishes. Adjust the louvers' position to easily increase or decrease the amount of shade and ventilation. Discover the many possibilities and styles available for these **tilting and/or retractable patio roofs**. Available in various designs and colours.

---

Page 10

### GLASS AND/OR LOUVERED ROOF

Want to enjoy the best possible light and shade? Both indoors and outdoors? With this innovative wall-mounted patio cover, you can combine a fixed roof section with glass, polycarbonate or sandwich panels and a roof section with tilting louvers. The possibilities and advantages are both endless and inspiring.

---

Page 28

## FABRIC ROOF

Whatever version you select, Brustor pergolas with a fabric roof are always elegantly designed. The design is carefully considered, with built-in screens, no visible screws, integrated gutters and fabric of excellent quality. You can select a RAL colour to suit your preference. These sublime patio covers can be adapted fully to your wishes.

## THREE TYPES OF PATIO COVERS

### FOUR SEASONS OF ENJOYMENT

A nice and warm spring, a phenomenal summer or a mild autumn. With a Brustor pergola you will enjoy your garden and terrace all year round while admitting the perfect amount of natural light inside. Whether you opt for a louvered roof pergola with a glass roof section to avoid losing light in your home, a fully louvered roof controlled according to your wishes or a retractable pergola, Brustor enables you to enjoy your home and garden to the fullest during any season.

# CHOOSE YOUR IDEAL PATIO COVER

IN 3 STEPS

## 1/ WALL-MOUNTED, FREE-STANDING OR BUILT-IN

Where do you wish to install your patio cover? Over your terrace, to provide the perfect amount of shade and keep temperatures inside under control? By the pool? Or do you prefer to add a roof to an existing structure? Your patio roof can be free-standing, wall-mounted or built-in.

## 2/ LOUVERED ROOF, GLASS & LOUVERS OR FABRIC ROOF

Do you want a louvered roof that tilts or slides open, so you can determine the amount of light, sun and ventilation by adjusting the louvers? Or do you prefer a combination of a fixed glass roof section and a louvered roof section? Or do you want a pergola with a folding and retractable roof you can open or close according to your needs? It's all up to you!

## 3/ ADDITIONAL OPTIONS

Personalise your pergola effortlessly with additional options such as LED lighting to set the mood, heating for when it cools down at night, customisable screens, integrated speakers and electrical sockets. You can also choose the colour of the frame and louvers.

## THE NEW STANDARD IN PATIO COVERS

Brustor's B700 collection is set to become the new standard in patio roofs. The combination of a section with a fixed roof with a louvered section provides a wide range of options. You create an area that always stays dry, ideal for an outdoor kitchen or as storage, for example, combined with the versatility of a tilting louvered roof. A section with a fixed glass roof also allows more natural light into your home.

ULTIMATE FLEXIBILITY

Scan the QR code to learn more about our B720 louvered patio roof with glass.

B720 is the ultimate flexible patio roof. By combining an area with a fixed roof with glass or sandwich panels and a louvered section, many different options become possible. Create a dry area to set up patio furniture, an outdoor kitchen, a stylish bar or garden storage, in combination with a pleasant outdoor terrace. Anything is possible, especially as the B720 can be coupled.

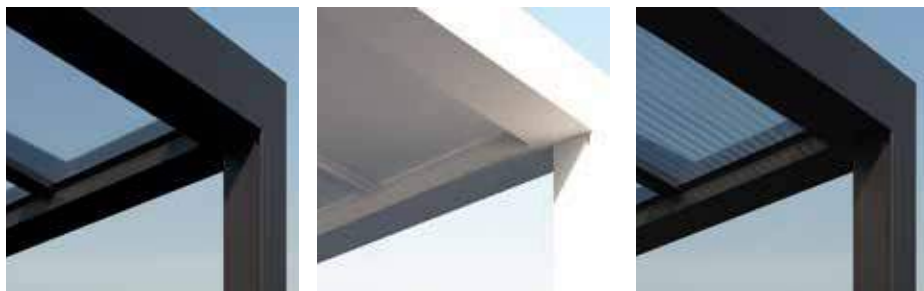

B700 and B720 are suitable for use in countless applications, such as an outdoor kitchen, storage shed or pool house, carport, etc.

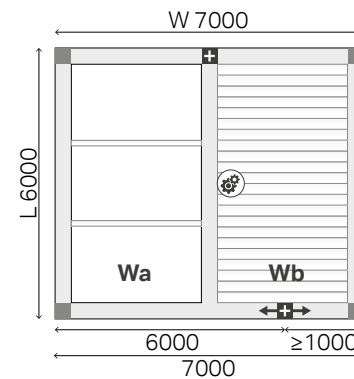

## B720

## DRAINAGE THROUGH POST

Depending on your environment, you can choose between three types of drainage. Water drains at the post foot as standard, but you can also opt for drainage directly to the sewage system through the ground anchor or a water outlet to the side of the post.

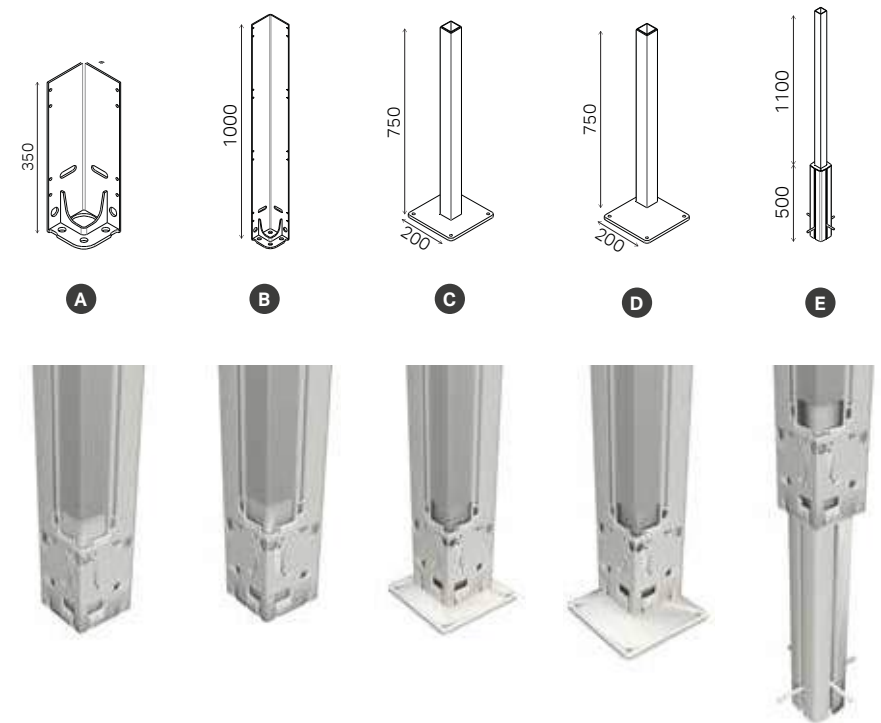

- 1 Standard drainage at foot of post
- 2 Drainage through anchor
- 3 Optional water outlet to side

## ANCHORING

Various types of anchoring are possible depending on the type of patio roof, its positioning and the weather conditions. Designed to be both robust and sleek, your patio roof is as solid as a rock.

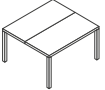

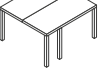

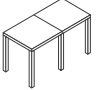

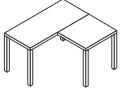

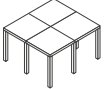

- A Standard foot support
- B Reinforced foot
- C Floorplate 20 x 20 cm
- D Corner floorplate 20 x 20 cm
- E Ground anchor

# TYPES

AVAILABLE CONFIGURATIONS

Depending on the type of patio roof, various configurations are available. For certain types, it will be possible to opt for a door pole, a lean-to version, an L-configuration or a star configuration.

# QUALITY & WARRANTY

BRUSTOR GUARANTEES A HIGH-QUALITY FINISH

## COATING

By default, Brustor patio roofs are available in standard colours only. However, all Brustor patio roofs can also be coated in any colour of your choice. The high-quality powder coating is provided with Qualicoat certification. Use the Brustor Cleaning Kit to further increase the lifespan of your powder-coated patio roof.

## FABRICS

Our screens and fibreglass fabrics are available in a wide range of colours and patterns. Ask your dealer for details. All fabrics have an M2 fire rating.

## **5 YEAR BRUSTOR WARRANTY**

"Outdoor Living" pergolas feature high-quality, aluminium motorised roofs with a precision mechanism. The construction offers exceptional water resistance. The supplied warranty booklet provides further technical details and tips to ensure years of enjoyment of your BRUSTOR products. Please enquire about our warranty conditions for each specific product.

Exceptions: 2-year warranty for LED lighting and patio heaters.  
3-year warranty for electronics. 5-year warranty for the motor.

### **CE CERTIFICATION**

All Brustor shading products comply with European safety standards.

 BRUSTOR

# PATIO ROOFS FOR THE HOSPITALITY INDUSTRY

Brustor patio roofs are highly suitable for hospitality applications. The B200 (XL) and B250 XL are easy to set up in a range of combinations: stand-alone, lean-to, built-in, coupled, in a star- or an L-configuration.

Extensive options further increase your customers' comfort, from windproof screens and dimmable LED lighting to patio heaters. Brustor allows you to create a pleasant, high-quality outdoor area. A cosy place to enjoy in any weather, providing added value for your business

### **A SUCCESSFUL FAMILY BUSINESS**

Brustor is a family business that has focused exclusively on the production of high-quality patio roofs, awnings and screens for several decades. Innovation, quality and exceptional technology remain the keys to our success. We also benefit from years of experience, allowing us to respond to any demand.

### **LEADING EUROPEAN PLAYER**

Since its founding, Brustor has grown to be a strong international player in the sun protection market. The inhouse production occurs in our 50.000m<sup>2</sup> production hall in Gullegem (BE), an our new, 25.000m<sup>2</sup> production hall in Geluwe (BE), from where our products are transported worldwide to 30 countries. Our warehouse continues to expand as well, ensuring rapid delivery of your orders.

### **OUR PEOPLE MAKE THE DIFFERENCE**

Our employees are our most important asset. Skilled people who think and act innovatively. Whether they're operating our machines with care, handling sales tasks, installing products or investigating innovative technologies, our staff are all experienced, motivated, customer-oriented people who put quality first.

### **STATE-OF-THE-ART EQUIPMENT**

Top quality products demand well-oiled machinery capable of handling the most advanced production and assembly techniques. Operated by highly trained people, our state-of-the-art machines are the acme of precision. High productivity guaranteed. Thanks to a modern powdercoating system, each colour can be realised on our own site.

### CE CERTIFICATION

All Brustor shading products comply with European safety standards.
